

San Juan 21 Western Nationals 2022 **REGISTER TODAY!**

The San Juan 21 Fleet of Fresno Yacht Club, is pleased to host the 2022 San Juan 21 Class Western Nationals on beautiful Huntington Lake in California.

This year SJ21 class sailors can enjoy a full weekend of sailing with the opportunity to participate in the Fresno Yacht Club's 69th annual High Sierra Regatta in addition to the SJ 21 Western Nationals! This provides the chance to compete in 3 days of sailing and win additional trophies and awards while participating in one of the sailing community's most beloved sailing events.

Each year the Fresno Yacht Club holds its annual sailing regatta on the first and second weekends after the 4th of July. The San Juan 21 Western Nationals regatta would be held in conjunction with the annual High Sierra Regatta (HSR). San Juan 21's would race on Thursday and Friday and on Saturday would share the race course with all classes invited to the HSR. San Juan 21's would have their own start all days and as much care as possible would be taken to keep the fleets away from other classes in the regatta. Typically the High Sierra Regatta draws about 80-120 boats per weekend, including 10-14 San Juan 21's with swing keel boats on one weekend and fixed keel and PHRF boats on the other. Any boats not traveling on Sunday would be encouraged to stay and race on Sunday as part of the High Sierra regatta. Sunday racing usually finishes by 3 PM for those wishing to drive home.

Huntington Lake is known as the best sailing lake in California. For more information about this magical gem in the Sierra Nevada check out this video here:
